

Remarks

The application has been amended to correct errors of syntax and to incorporate headings and subheadings recommended by the United States Patent and Trademark Office. The claims have been rewritten to conform with U.S. claim format and to eliminate multiple dependent claims. An Abstract has been added. No new matter has been added. The PCT Search Authority has determined that the claims presented in the PCT application meet all PCT requirements of unity of invention, novelty, inventive step (non-obviousness), and utility.

Early favorable consideration is respectfully requested.

Respectfully submitted,

Hans Peter Weitzel et al.
